A Professional Growth Module: Critical Thinking Skills Page 2 Time For a Laugh! It was after midnight when Sue finished her Sunday crossword and turned off the bedside light Leaning over to kiss her tired husband, she quietly remarked, "I do those puzzles to keep my brain sharp" Out of the darkness, her husband replied, "Don't

"The Mind is the Brain"

- The term "brain state" (like "mental state") sometimes causes confusion
- A brain state is a "condition" a brain (or part of the central nervous system) might be in - Eg, something happening in the brain, like blood flow, neuron-firing, etc
- So, brains might be green, but brain states (things

How My Brain Put Tinnitus in its Place

How My Brain Put Tinnitus in its Place by Dennis Byrne We hate hearing that nothing can be done about our tinnitus But sometimes doing nothing is doing something And doing something is doing nothing If that leaves you confused, consider me Exhibit A of how desperate attempts to do something, anything, to fight tinnitus at times can
